## Instructions for cardboard cut out

**Step 1:** Draw 9 evenly spaced lines along the cardboard circle. Add a cut notch on each of the lines that you drew.

**Step 2:** Tape a piece of yarn to the back of your circle.

**Step 3:** Run the yarn across the front side of the cardboard circle to the adjacent cut.

**Step 4:** Repeat until you have strings that follow every cutout.

**Step 5:** Tie a new piece of yarn to the

**Step 6:** Go around the circle with the new yarn. Rotating between over and under the yarn strings.

## Instructions for CD

**Step 1.** Cut piece of yarn. Then tie it to your cd. Wrap your yarn an odd number of times around you cd. Make sure to pull the warp strings tight. Then, tie your string in place

**Step 2.** Now you can start to weave. Cut out a piece of yarn. (6'-8'). Tie it to your warp string on the back. Then feed the string through the hole to the front side (white side).

**Step 3.** Simply go over one wrap string and then under the other warp string. Keep repeating this process, making sure to pull your string tight as you go.
